

# Reference Books for Grades 4 to 6

- Read a book out loud to the students or provide time for students to look at books on their own or in small groups.
- Below are two suggestions or talk to your librarian for other ideas of good reference books for your class.

**Achoo: The Most Interesting Book You'll Ever Read About Germs**  
Trudee Romanek

**It's Catching: The Infectious World of Germs and Microbes**  
Jennifer Gardy
